## **STUDENTS SATISFACTION SURVEY REPORT (2016-17)**

Abhilashi P.G. College of Education offers B.Ed. and M.Ed. courses and seeks to excel in its academic standards. Our College takes pride in upgrading its quality and eminence through constant feedbacks/surveys. Students Satisfaction Survey (SSS) is one amongst these surveys that benefits in updating the superiority of our academic excellence. The Students Satisfaction Survey (SSS) comprises of the questionnaire endorsed by the NAAC. To assess the outcomes of the college, student satisfaction survey was conducted on different components given in the proforma. There are total 16 components in the proforma and 5 point rating scale is used for assessing the feedback. Students have valued the question on a scale of 1 to 5. The outcome of this survey is based on the response of B.Ed. and M.Ed. outgoing students. The responses given by the students for the questionnaire are demonstrated by statistical analysis.

The institute ensures that the students are provided various platforms to reach the authorities with their suggestions and feedback. Apart from the formal feedback taken from the students. They can convey their concern if any, through a suggestion box placed at the main entrance. Also the students can send their suggestions through college email. The feedback taken from students was analyzed by calculating the mean of every component. The overall rating was calculated by adding the mean of each component. It has been found that the computer facilities, syllabus coverage, co-curricular activities, pre-preparation by teachers are quite good (4.91 out of 5). It has been also observed that the use of laboratories and TLM is not adequate in the campus. To improve the above said components, laboratories visit time table was reframed, in which the duration of laboratories was increased. To make the teaching learning process more live, use of technology along with advanced teaching learning material was enhanced. The overall rating was 4.8, which depicts that components used for taking feedback from the students is admirable.
